DIAL BEFORE YOU DIG!

You can now **dial 811 to CALL OKIE** and request location of underground cable. Be sure to CALL OKIE before you dig. State law requires you to call 48 hours prior to excavation. CALL OKIE service is **FREE** and it's simple and easy to use.

- Call before you dig
- Wait 48 hours
- Respect the marks
- Dig with care

To encourage the one-call excavation notification, Congress mandated in the Pipeline Safety Improvement Act of 2002 the establishment of a national call before you dig three digit number.

CALL OKIE is a valuable tool used in preventing damages to public services. It is a communication link between the excavators and operators of underground facilities. CALL OKIE is a safety and damage prevention program designed to promote public awareness and to eliminate potential hazards posed to excavators, general public, vital underground facilities and the environment, whenever excavation is done.
